Grocery Delivery

Our volunteers will help you with ordering and scheduling your grocery deliveries straight to your door. You only pay for the groceries.

There are no fees: no delivery fee, service fee, or tips. We accept payment for grocery orders via credit card or cash.

Digital Literacy

Improve your digital literacy through one-on-one help, in-person or via Zoom. Learn every day basic such as sending emails, using apps, booking LifeLabs appointments, and more!

Sessions are 30-45 mins and by appointment only.

Friendly Visiting

Volunteers are paired with seniors for companionship, helping them stay connected to their local community.

Service is provided at no cost.

Light Housekeeping*

Our friendly and professional workers provide a minimum of two hours of light housekeeping services.

Cleaning supplies and equipment, such as detergent and/or vacuum cleaner, must be provided by the client.

*Service is subsidized on a sliding scale, determined by your annual income. All fees and donations help sustain the program.
